UGC-entitled

Bachelor of Business Administration (Online BBA)

The Online BBA (UGC-entitled) from Bennett University is a 3-year undergraduate degree designed to build a strong business foundation with real-world exposure for tomorrow's corporate professionals. Anchored in the academic excellence of Bennett University and powered by the Times Group legacy, the programme combines conceptual depth with industry relevance in a flexible online format.

What This Programme Offers

-  UGC-Entitled Degree
-  Strong Business Foundation
-  100% Online + Live Sessions
-  Application-Oriented Learning
-  Career & Higher Education Ready
-  Future-Focused Curriculum

Why Choose an Online BBA?

An Online BBA provides a structured introduction to how businesses operate across key functions – marketing, finance, operations, human resources, and strategy – while offering the flexibility to learn from anywhere without compromising academic depth.

Why Online BBA

The Business Economy is Expanding. So Are Opportunities.

**~9% Projected
Job Market
Growth (India) ***

**~10% Year-on-
Year Hiring
Growth ***

**60+ Mn Digital-
Skill Roles
Expected
by 2025-26 ***

With rapid expansion across retail, financial services, technology-led enterprises, and digital commerce, employers are actively seeking early-career professionals who combine strong business fundamentals with digital and analytical capabilities.

Built on a Strong Business Foundation: The Roles You Could Be Progressing Towards Growth accelerates significantly within the first 2-3 years based on performance, skill development, and industry exposure.

- International Trade /EXIM AM

These roles represent early-to-mid career growth opportunities across corporates, startups, consulting firms, financial institutions, and multinational organisations in India's major business hubs.

Why Online BBA ?

A Strong Business Foundation for Higher Education

The Online BBA builds conceptual clarity and academic depth, enabling graduates to confidently pursue advanced studies in India and globally. Graduates can progress to:

MBA
(India & Abroad)

Professional
Qualifications
(CA, CFA, CS,
ACCA)

Master's
Programmes
(Business
Analytics, HR, Fin,
Marketing, etc)

PGDM

Whether your goal is leadership, specialisation, or global exposure, the BBA provides the academic credibility and flexibility required to take the next step with confidence.

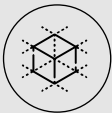

Advantage of Online BBA as a Second Degree

The Online BBA can be pursued as a second degree alongside another academic programme, in accordance with UGC guidelines on simultaneous enrolment.

It enables learners to strengthen their primary field of study with structured business and managerial knowledge from a UGC-recognised university.

Advantages of a Second Degree

Broader
Managerial
Perspective

Stronger
Employability
& Leadership
Readiness

Application
of Technical
Expertise in
Business

Long-Term
Career Flexibility

Common Programmes Students Combine with BBA

- B.Com
- B.Tech / Engineering
- B.Sc (Maths / IT / Data Science)
- BA (Economics / Liberal Arts / Psychology)

A flexible pathway to broaden your expertise while building long-term academic and professional advantage.

Online BBA – Programme Outcomes

Programme Outcomes

The Online BBA is designed to develop capable, ethical, and industry-ready professionals equipped to thrive in evolving business environments.

Graduates of the programme will be able to:

Apply Core Business Knowledge

Think Critically & Make Informed Decisions

Communicate Effectively Across Stakeholders

Demonstrate Ethical & Responsible
Corporate Behaviour

Engage in Lifelong Learning & Self-Development

Translate Knowledge into Practice

Graduates emerge with clarity of direction, confidence in business fundamentals, and the competence to navigate today's dynamic business environments while taking on early professional responsibility.

UGC-Recognised
Equivalent to
On-Campus Degree*

The Bennett Online BBA is a full-fledged undergraduate degree – designed with academic depth, professional rigour, and long-term value. Not a shortcut, but a strategic foundation for your future.

*Note : *Online degrees awarded by UGC-approved universities are recognised as equivalent to offline degrees, as per UGC regulations on online education.*

Who Is This BBA For?

The Online BBA is designed for a diverse range of learners:

Freshers:

- Start Strong. Build Direction Early.
- For students after 10+2 seeking structured exposure to business, management, marketing, and finance while keeping multiple career and higher education pathways open.

Working Professionals

- Upgrade Without Pausing Your Career.
- For early-career professionals who want formal business education, stronger decision-making skills, and long-term career growth while continuing to work.

Entrepreneurs

- Build with Structure, Not Just Instinct.
- For startup founders and aspiring entrepreneurs who want clarity in strategy, finance, operations, and marketing to scale ideas with discipline and confidence.

Family Business Leaders

- Modernise. Scale. Lead Forward.
- For next-generation business owners looking to combine traditional enterprise with professional management practices, governance, and growth strategy.

Professional Course Aspirants

- Complement Your Technical Expertise.
- For learners pursuing CA, CFA, CS, ACCA, or similar qualifications who want a recognised degree that strengthens commercial and managerial understanding.

Creators & Athletes

- Turn Passion into Sustainable Success.
- For individuals in sports, media, entertainment, digital platforms, and the creator economy who need business skills in finance, branding, contracts, and entrepreneurship to manage and monetise their careers professionally.

Building the Right Business Foundation

How Bennett University Prepares You for the World of Business

The Online BBA is designed to build structured business thinking, analytical capability, and professional confidence from the undergraduate stage. By combining conceptual depth with application-led learning, the programme prepares learners to understand how businesses operate, make decisions, and create value across functions.

A Foundation That Goes Beyond Textbooks

Integrated Business Foundation

- Comprehensive grounding across management, finance, marketing, economics, operations, and HR ensuring holistic business understanding.

Analytical & Decision-Making Skills

- Training in data interpretation, structured problem-solving, and logical business analysis for real-world decision contexts.

Industry-Connected Case-Based Learning

- Application-led learning through business cases and practical scenarios. Industry-integrated exposure with case-based pedagogy

Structured Live Learning

- Live sessions complemented by recorded content for academic continuity and flexibility.

Project & Practical Exposure

- Semester-based projects and a final capstone project to apply learning in real business contexts.

Professional & Leadership Development

- Focused development of communication, teamwork, presentation, and leadership capabilities.

Designed for Multiple Pathways

- Structured to support employment, entrepreneurship, professional certifications, family business, or higher education progression.

Programme Structure

Programme
Duration
3 Years

Programme
Validity
6 Years

Programme
Credits
120

Semester
6

The 3-Year Bachelor of Business Administration (BBA) programme is thoughtfully designed to build strong business fundamentals from the ground up, enabling learners to progress from core concepts to applied understanding, without limiting flexibility for parallel career pursuits, professional qualifications, or entrepreneurial ambitions.

Business Analytics

Build a strong foundation in data-driven thinking by learning how analytics, AI, and visualisation support informed business decisions.

Entrepreneurship

Develop entrepreneurial thinking by learning how business ideas are shaped, evaluated, launched, and taken to market.

Marketing

Develop hands-on skills in branding, sales, and consumer engagement across traditional and digital marketing environments.

Human Resource Management

Learn how organisations manage people by building capabilities in talent acquisition, employee relations, and HR operations with legal and strategic insight.

Finance

Gain a solid grounding in finance, covering corporate finance, financial modelling, banking operations, and emerging fintech applications.

International Business

Understand how global businesses operate by exploring international trade, finance, and supply chains across diverse markets and cultures.
